The results of the 2022 Investment Trends Technology Survey show a change in Law Department and Law Firm investment priorities.

120 companies took this year's survey; 53% from corporate legal departments and 37% from AmLaw 200 firms

The Top Results:

Workload is up at 77% of respondent companies

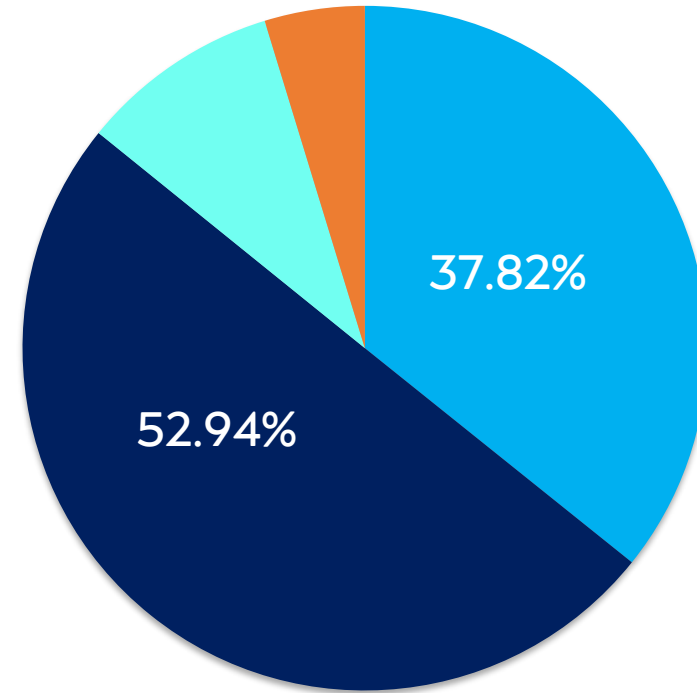

The Top 3 Investment Priorities Are:

- eDiscovery tools and technology - 43%**
- data analytics - 41%**
- dashboards - 37%**

Thank you to all who participated.

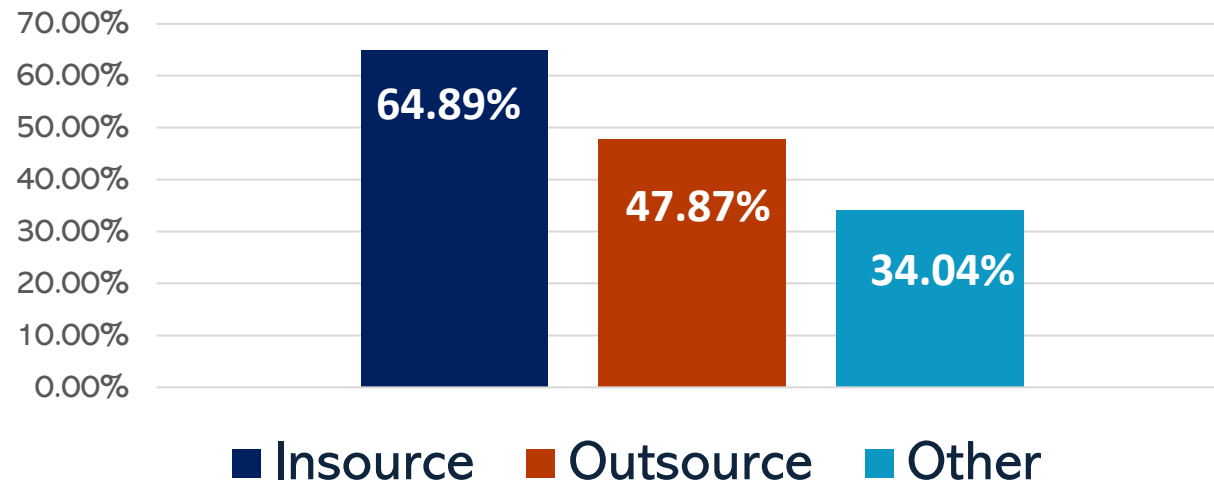

➤ Type Of Organization

90% of respondents are from corporate legal departments and law firms

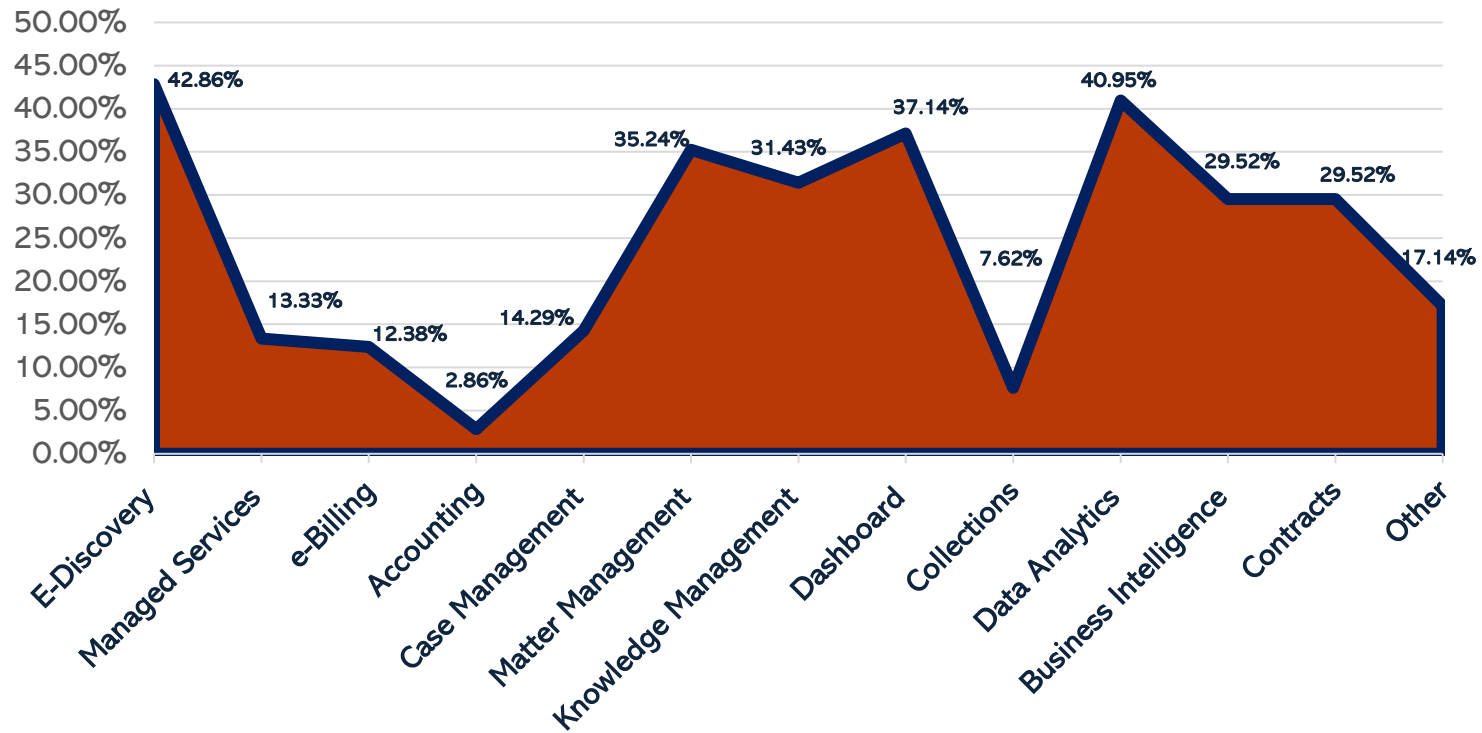

- Law Firm
- Corporate Law
- Software Provider
- Service Provider

➤ If Your Workload Is Up, How Are You Addressing The Change?

➤ What Are Your Top Legal Technology Investment Priorities For 2022?

Thank you again, to those that took this survey.
